(2) The Council of the City shall in each year assess and levy by a special rate on all the rateable property in the City a sum sufficient to meet 65% of the estimated excess of expenditures over revenues for the operation and maintenance of the Hospital for that current calendar year, and of the estimates of the expenditures for permanent improvements that have received the joint approval of the Councils of the City and County and are to be paid out of current funds, and the Council of the County shall in each year assess and levy a special rate on all the rateable property in the County a sum sufficient to meet 35% of such excess and of such estimates of expenditures for permanent improvements.

5. The City and County may acquire jointly in the proportions aforesaid by gift, purchase or expropriation all such land as they deem necessary for Hospital purposes and may erect Hospital buildings and alter, enlarge, equip, furnish and maintain such real property and buildings and equipment.

6. The respective Councils of the City and County are hereby authorized to provide funds for the purposes aforesaid, and for such other purposes as may become necessary in the operation of the Hospital by the issue, without the assent of the electors but subject to the approval of the Ontario Municipal Board, of debentures of the City or County or both as the Councils of the City and County may agree, or by imposing rates on all the taxable property in the City and County, the City to contribute 65% of the total sums so provided and interest or other charges thereon, and the County 35% of the same.

7. The City and County may jointly dispose of any real or personal property which is declared by the Board to be no longer needed for the purposes of the Hospital, and the proceeds of such disposal shall be used for Hospital purposes. Except as otherwise provided herein, no real or personal property shall be disposed of except by the joint agreement of the Councils of the City and County.

8. Except as provided in subsection (3) of section 9 hereof, the present debenture indebtedness and/or any other indebtedness of the City incurred for Hospital purposes shall be and remain the sole liability of the City.

9.—(1) The Board shall prepare and submit to the Councils of the City and County in each year:

- (a) copies of the estimates for the current year of all sums required to meet expenditures for the operation and maintenance of the Hospital for that current calendar year duly approved by the Ontario Hospital Services Commission;
- (b) estimates for that current year of all sums required to meet expenditures for the operation and maintenance of the Hospital for that current calendar year over and above the sums approved by the Ontario Hospital Services Commission;
- (c) estimates for all capital expenditures to be met during that year.

The estimates in clauses *b* and *c* hereof shall be submitted to the Councils on or before the 15th day of March in each year for approval. All estimates shall include and make due allowance for the amount of any surplus or deficit remaining at the end of the preceding year and the revenue estimated to be derived from legislative grants and from all other sources.

(2) The Council of the City shall in each year assess and levy by a special rate on all the rateable property in the City a sum sufficient to meet 65% of the estimated excess of expenditures over revenues for the operation and maintenance of the Hospital for that current calendar year, and of the estimates of the expenditures for permanent improvements that have received the joint approval of the Councils of the City and County and are to be paid out of current funds, and the Council of the County shall in each year assess and levy a special rate on all the rateable property in the County a sum sufficient to meet 35% of such excess and of such estimates of expenditures for permanent improvements.

(3) If at the end of any year there is an excess of revenue over expenditures as indicated by the auditor's statement such excess may be applied firstly in payment of or partial payment of any amounts falling due in that year by virtue of the debenture indebtedness of the City under By-laws of the City numbered 5655, 5870, 6138 and 6228, and if there shall then remain any balance of such excess it may, at the joint direction of the Councils of the City and County, be applied in reduction of any debenture indebtedness incurred for Hospital purposes after the coming into force of this Act.

(4) All monies received by the Board or by the officer in charge of the Hospital for the uses thereof shall be deposited in a special account to be kept in the name of the Board in a chartered bank in the City of Belleville, or in a trust company registered under The Loan and Trust Corporations Act, R.S.O. 1960, Chapter 222, or invested in securities authorized under The Trustee Act, R.S.O. 1960, Chapter 408.

(5) All cheques drawn upon the said account shall be signed in such manner or by such means as the Board may designate from time to time.

10.—(1) An auditor, who shall be a person licensed under The Public Accountancy Act, shall be appointed by the Board.

(2) The auditor shall audit annually and at such other times as he may be directed by the Board the books of account and the expenditures and revenues of the Hospital, and shall prepare and submit to the Councils of the City and County by March 15th in each year a report showing the revenues and expenditures made by and on behalf of the Hospital during the preceding year, and the assets and liabilities of the Hospital.

(3) The auditor shall report to the Councils of the City and County upon any expenditures made by the Board contrary to law or the provisions of this Act.

(4) The auditor shall supervise and determine from time to time the methods of bookkeeping and accounting to be employed in connection with the Hospital.

11. If at the end of five years there shall be a substantial change in the proportionate use of the Hospital facilities by residents of the City and residents of the County residing outside the corporate limits of the City, the City and County may make such adjustment to their proportionate contributions for Hospital purposes as may be agreed upon, and the respective interests of the City and County in the real and personal property of the Hospital shall be adjusted accordingly, such adjustment to be made by By-laws of the City and County.

12. Notwithstanding anything herein contained, the Councils of the City and County in determining any matter required to be determined by them under this Act shall have an equal voice, and if agreement cannot be reached no action shall be taken on the matter.

13. The City of Belleville Act, 1948 as amended is hereby repealed.

14. This Act shall come into force on the day upon which it receives Royal Assent.

15. This Act may be cited as The City of Belleville and County of Hastings Act, 1963.

(2) In this Part,

- (b) the provisions of clause *a* shall apply only where the average daily attendance of pupils whose fees are payable by another board or by the Minister is in excess of 1 per cent of the total average daily attendance in the schools under the jurisdiction of the board.

(3) In this Part, "recognized extraordinary expenditure per class-room" for a board operating a school means the quotient obtained by dividing the sum of the amounts recognized for grant purposes for debenture payments, for capital expenditures from current funds, and for transportation, by the number of class-rooms recognized for grant purposes, but excluding from the calculation the fractions of class-rooms to which the board of a larger unit of administration is entitled in subclause *i* of clause *b* of subsection 4.

(4) In this Part,

(a) "assessment" means,

- (ii) where money is received by the board under section 35 of *The Assessment Act* or clause *b* of section 5 of Regulation 31 of Revised Regulations of Ontario, 1960, the assessment as set forth in subclause *i*, together with an amount equivalent to that which, if levied upon at the rate of real-property taxation on the rate-payers of the school-section or separate-school organization for school purposes, would result in taxes equal to the money so received by the board, adjusted by the provincial equalizing factor;

(b) "number of class-rooms" means,

- (i) for the board of a larger unit of administration that operates a school, the number of open class-rooms on the first school-day of the current year, together with one-half of a class-room for each of the former school-sections or separate-school areas in which the board is not operating a school and which are included in the larger unit,
- (ii) for a board providing for the education of all of its pupils at a school operated by another board, the quotient, adjusted to the next largest whole number, obtained by dividing the number of those pupils enrolled on the first school-day of the current year by 35,
- (iii) for a board operating a school and having more than twenty pupils enrolled on the first school-day in the current year at a school operated by another board, the number of open class-rooms on the first school-day of the current year added to the quotient, adjusted to the next largest whole number, obtained by dividing the number of those pupils by 35, and
- (iv) for other boards, the number of open class-rooms on the first school-day of the current year,

but, subject to subsection 2 of section 8, the number of open class-rooms shall not exceed,

- (v) where the average daily attendance for an urban board is 300 or more, or for a rural board, is 1,200 or more, the number determined by dividing the average daily attendance by 30, increased by 1 for any remaining fraction, or
- (vi) where the average daily attendance for an urban board is less than 300, or for a rural board, is less than 1,200,

A. in the case of each school with an average daily attendance of less than 300, the number determined by dividing the average daily attendance by 30, increased by 1 for any remaining fraction, and

B. in the case of schools with an average daily attendance of 300 or more, the number determined by dividing the combined average daily attendance of those schools by 30, increased by 1 for any remaining fraction;

(c) "assessment per class-room" means the quotient obtained by dividing the assessment determined under clause *a* by the number of class-rooms determined under clause *b*, but where the assessment per class-room to be used for a board in the calculation of the grant is more than 115 per cent of the assessment per class-room used for that board in the preceding year, the assessment per class-room of that board means,

- (i) 115 per cent of the latter assessment, or
- (ii) 60 per cent of the actual assessment per class-room,

whichever is the greater, and where there is no assessment for school purposes, the assessment per class-room shall be deemed to be \$600,000;

(d) "cost of operating" means,

- (i) the total of the disbursements for the normal operation of the board for school purposes, exclusive of payments in respect of principal, interest, and other charges on debentures issued and capital loans obtained on or after the 1st day of January, 1951, paid out of current funds by a board or on its behalf during the preceding year, and
- (ii) payments by a board or on its behalf in respect of principal, interest, and other charges due in the current year on debentures issued and capital loans obtained on or after the 1st day of January, 1951,

less current-fund receipts during the preceding year as follows,

- (iii) tuition fees, and
- (iv) reimbursement for the cost of education and of transportation of pupils residing in a part of a territorial district that is not in a school section or in a separate school area;
- (e) "larger unit of administration" means a township school area or a union of separate-school areas;
- (f) "open class-room" means a class-room used throughout each school-day by pupils in the charge of a teacher, and where a class-room is used for half of each school-day for kindergarten purposes, the class-room is half an open class-room; and
- (g) "population" means the population of the municipality as shown on the assessment roll on which taxes for the preceding year were levied, less the number of inmates of public institutions.

AVERAGE DAILY ATTENDANCE

8.—(1) For the purpose of subclause i of clause *j* of subsection 1 of section 7, "average daily attendance" means the greater of,

- (a) the figure computed by subtracting the average daily attendance during the preceding year of pupils whose fees are payable by another board or by the Minister from the product of 30 and the number of open class-rooms as determined under clause *b* of subsection 4 of section 7; and
- (b) the average daily attendance for the preceding year less the average daily attendance of pupils whose fees are payable by another board or by the Minister,

increased by any additional average daily attendance to which the board is entitled under section 9.

(2) For the purpose of subclauses v and vi of clause *b* of subsection 4 of section 7, "average daily attendance" means the average daily attendance during the preceding year of all pupils attending the schools under the jurisdiction of the board less the average daily attendance of pupils whose fees are payable by another board or by the Minister.

(3) For the purpose of determining the grant in respect of average daily attendance provided in section 10, "average daily attendance" for a board means average daily attendance of pupils for the previous year exclusive of the average daily attendance of pupils whose fees are payable by another board or by the Minister but inclusive of any additional average daily attendance to which the board is entitled under section 9.

(7) A board that operated a school for only one term in the preceding year shall be paid a grant for that term calculated under the provisions of subsection 2, 3, 4 or 5, whichever is applicable, and for the other term, under the provisions of subsection 6.

11. In addition to the grant under subsection 2, 4, 6 or 7 of section 10, there shall be paid,

- (a) to the board of a rural school-section which has not previously been part of a larger unit of administration or to the board of a rural separate-school which has not previously been part of a larger unit of administration, a grant of,

- (i) \$300 or,
(ii) an amount computed by multiplying \$40 by the average daily attendance of pupils resident in the rural part of the area under the jurisdiction of the board,

whichever is the lesser, in the year preceding that in which it enters a larger unit of administration;

- (b) to the board of a larger unit of administration which included two or more but less than six former rural school sections or former rural separate-school areas, a grant of,

- (i) \$300 for each former rural school-section or rural separate-school area, or
(ii) an amount computed by multiplying \$40 by the average daily attendance for the preceding year of pupils resident in the rural part of the area under the jurisdiction of the board,

whichever is the lesser, in the current year; or

- (c) to the board of a larger unit of administration which included six or more former rural school-sections or former rural separate-school areas, a grant of,

- (i) \$500 for each former rural school-section or rural separate-school area, or
(ii) an amount computed by multiplying \$40 by the average daily attendance for the preceding year of pupils resident in the rural part of the area under the jurisdiction of the board,

whichever is lesser, in the current year.

TRANSFER OF SECTIONS AND AREAS

12.—(1) Where the whole of a school-section, or a separate-school area, is transferred from one board to another, the grant for the former board for the year of the transfer shall be calculated as though there had been no transfer and be paid to the latter board.

(2) Where part of a school-section or a separate-school area is transferred from one board to another and on the last school-day of September preceding the transfer, not more than 10 per cent of the number of pupils residing in the school-section or separate-school area, or not more than ten pupils, whichever is the lesser, resided in the part transferred, the grant for the year of the transfer shall be calculated as if there had been no transfer and be paid to the board from which the area has been detached.

(3) Where part of a school-section or a separate-school area is transferred from one board to another and on the last school-day of September preceding the transfer, more than 10 per cent of the pupils residing in the school-section or separate-school area, or more than ten pupils, whichever is the lesser, resided in the part transferred, for the year of the transfer,

- (a) the grant, exclusive of the grant calculated under section 11, shall be calculated as though there had been no transfer;

- (b) the portion of the grant calculated in respect of the debenture instalment levied exclusively either on the part remaining or on the part transferred shall be paid to the board of the school-section or separate-school area in the part remaining or in the part transferred, as the case may be;

- (c) the remainder of the grant calculated under clause a shall be paid to each board in the proportion that the number of pupils, including those on whose behalf the board incurred fees, residing in the remaining part and residing in the part transferred, respectively, bears on the last school-day of September preceding the transfer, to the number of pupils, including those on whose behalf the board incurred fees, residing in the section or area being divided; and

- (d) where applicable, the grant under section 11 shall be calculated in respect of the number of former sections or areas remaining in the larger unit of administration and be paid to the board of the larger unit of administration.

NEW BOARDS, BOARDS NOT OPERATING A SCHOOL, AND BOARDS COMMENCING OPERATION OF A SCHOOL

13.—(1) In the year in which a new board is established, other than a board assuming jurisdiction for school purposes of an area previously administered by another board, and in the next two years thereafter, provided that the newly formed board has not operated a school for a year, the average daily attendance and recognized cost of the current year shall be used for the purposes of this Part.

(2) Subject to subsections 3, 4 and 6, where, for a period of three years, a board has not operated a school, the recognized cost for the preceding year shall be used for the purposes of this Part, but shall not include a disbursement from current funds in the preceding year for a service received in the next preceding year, or years, upon which a grant has been paid.

(3) In the year in which a board commences operation of a school prior to the first school-day in September, provided that the board or any former board incorporated therein has not operated a school for a year, the average daily attendance and recognized cost of the current year shall be used for the purposes of this Part.

(4) In the year in which a board commences operation of a school on or after the first school-day in September and in the year following, provided that the board or any former board incorporated therein has not previously operated a school, the average daily attendance and recognized cost of the current year shall be used for the purposes of this Part.

(5) In each year following that in which a board has operated a school for a year, recognized cost shall not include a disbursement from current funds in the preceding year for a service received in the next preceding year, or years, upon which a grant has been paid.

(6) A disbursement for capital charges or a capital expenditure from current funds shall not be included in recognized cost for more than one year.

MILK

14. The board of a public or separate school shall be paid a grant equal to 50 per cent of the amount expended in the preceding year for the purchase of milk under the provisions of Regulation 96 of Revised Regulations of Ontario, 1960, less that portion of any amount contributed for the purchase of milk from any source which is in excess of 50 per cent of the amount so expended.

BOARDS APPOINTED UNDER SECTION 12 OF
The Public Schools Act

15.—(1) Where a rural school-section is designated and a board appointed under subsection 1 of section 12 of *The Public Schools Act*, "recognized cost" means the total amount of money paid out of current revenue during the preceding year for the operation of the school or schools under the jurisdiction of the board, inclusive of tuition fees paid to any other board but exclusive of capital expenditures and expenditures for evening courses of study, textbooks, library books, milk, and rent, and less tuition fees received from any other board.

(2) The board so appointed shall be paid a grant of 50 per cent of the recognized cost as defined in subsection 1, but where the board operates a school in a sanatorium, a hospital or a centre for the treatment of cerebral palsy established under section 12 of *The Public Schools Act*, the grant shall be 80 per cent of the instructional salaries, 50 per cent of the tuition fees, and 50 per cent of the recognized cost for transportation as defined in clause *d* of subsection 1 of section 7, of pupils going to other schools, as paid in each case in the preceding year.

PART 2

HIGH SCHOOLS, CONTINUATION SCHOOLS,
AND VOCATIONAL SCHOOLS

APPLICATION

16. This Part applies to general legislative grants for high schools, continuation schools, and vocational schools.

INTERPRETATION

17.—(1) In sections 20 and 24, subject to subsection 2, "recognized cost" means,

- (a) the portion approved by the Minister for grant purposes of the payment, or of the amount set aside for payment, by a board from its current funds, or on its behalf by a municipal council, in the current year on principal and interest due in that year on debentures and capital loans other than those in respect of buildings, additions to buildings or equipment upon which a grant is provided by section 21;
- (b) the disbursement from current funds made by a board, or on its behalf by another board, during the preceding year in respect of tuition fees to another board for pupils attending a secondary school operated by that board and, where subsections 1 and 2 of section 23 are applicable, tuition fees with respect to the year preceding the transfer which are owed to the board of any former district transferred to a new district by any other board transferred to that district;
- (c) the portion of the cost approved by the Minister for grant purposes for disbursements made by a board from its current funds in the preceding year, except as set forth in section 24, for transportation of pupils to and from school where their parents or guardians do not contribute directly to the cost of transportation;
- (d) capital expenditures made by a board from its current funds in the preceding year, except as set forth in section 24, for,
 - (i) the portion approved by the Minister for grant purposes for new buildings, for additions to buildings, and for equipment for new class-rooms,

- (ii) the portion approved by the Minister for grant purposes for school buses for the transportation of pupils,

- (iii) the portion approved by the Minister for grant purposes for new heating equipment, for new lighting, and for new sanitary-conveniences of a modern type, in schools already in operation where the average population of the municipalities within or partly within the high- or continuation-school district, whether or not only part of any municipality is included in the district, is under 3,000;

less,

- (iv) proceeds from the sale of school buildings and equipment, and

- (v) proceeds from insurance on school buildings and equipment;

- (e) the total disbursements made by a board from its current funds in the preceding year, except as otherwise provided in section 24, in respect of,

- (i) restoration of insured school property destroyed or damaged, but not exceeding an amount equal to the insurance proceeds received in respect thereof,

- (ii) the fee paid for membership in the Ontario School Trustees' Council and the fee paid for membership in one member association of the Ontario School Trustees' Council.

(2) In this Part,

- (a) subject to clause *b*, debenture charges and capital expenditures from current funds shall form part of recognized cost only in the proportion that the average daily attendance of all pupils attending the schools under the jurisdiction of the board, exclusive of the average daily attendance of pupils whose fees are payable by another board or by the Minister, bears to the total average daily attendance in those schools;

- (b) the provisions of clause *a* shall apply only where the average daily attendance of pupils whose fees are payable by another board or by the Minister is in excess of 1 per cent of the total average daily attendance in the schools under the jurisdiction of the board.

(3) In this Part, "recognized extraordinary expenditure per pupil" for a board operating a secondary school means the quotient obtained by dividing the sum of the amounts recognized for grant purposes under this Part for debenture payments due in the current year, for capital expenditures from current funds, and for transportation by the average daily attendance of all pupils that attended the school or schools operated by the board during the preceding year, but excluding the average daily attendance of those pupils whose fees are payable by another board or by the Minister.

(4) In this Part,

- (a) "assessment" means,

- (i) the assessment of all property, including any business assessment, rateable for school purposes in each municipality within or partly within the high- or continuation-school district, whether or not only part of any municipality is included in the district, as shown on the assessment roll on which taxes were levied for the preceding year, adjusted by the provincial equalizing factor, or

- (ii) where money is received by the board under section 35 of *The Assessment Act* or clause b of section 5 of Regulation 31 of Revised Regulations of Ontario, 1960, the assessment as set forth in subclause i, together with an amount equivalent to that which, if levied upon at the rate of real-property taxation on the ratepayers of the high- or continuation-school district for school purposes, would result in taxes equal to the money so received by the board, adjusted by the provincial equalizing factor;
- (b) "population" means the total population of each municipality within or partly within the high- or continuation-school district, whether or not only part of the municipality is included in the district, as shown by the assessment rolls on which taxes for the preceding year were levied, less the number of inmates of public institutions;
- (c) "assessment per capita" means the quotient obtained by dividing the total assessment of the municipalities within or partly within the high- or continuation-school district by the total population of the municipalities, but where the assessment per capita to be used for a board in the calculation of the grant is more than 115 per cent of the assessment per capita used for that board in the preceding year, the assessment per capita of that board means,
- (i) 115 per cent of the latter assessment, or
- (ii) 60 per cent of the actual assessment per capita,
- whichever is the greater, and where there is no assessment for grant purposes, the assessment per capita shall be deemed to be \$2,600; and
- (d) "cost of operating" means,
- (i) the total of the disbursements for the normal operation of a board for school purposes, exclusive of payments in respect of principal, interest, and other charges on debentures and capital loans, paid out of current funds by a board or on its behalf during the preceding year, and
- (ii) payments by a board or on its behalf in respect of principal, interest, and other charges during the current year on debentures and capital loans,
- less current-fund receipts during the preceding year as follows,
- (iii) tuition fees, and
- (iv) reimbursement for the cost of education of pupils residing in a part of a territorial district that is not in a secondary-school district.

AVERAGE DAILY ATTENDANCE

18.—(1) Subject to subsection 2, "average daily attendance" for a board for the purpose of determining the grant in respect of average daily attendance provided in section 20, means average daily attendance of pupils in the school or schools operated by the board in the preceding year, exclusive of the average daily attendance of pupils whose fees are payable by another board or by the Minister, but inclusive of any additional average daily attendance to which the board is entitled under section 19.

(2) For the purpose of subsection 1, the average daily attendance of a high or continuation school shall be not less than the figure computed by subtracting the average daily attendance of pupils whose fees are payable by another board or by the Minister, and who attended the school from twenty, or in the case of a school on an island or in a territorial district, from forty.

19.—(1) Where, in the preceding year, a board operated one or more departments of agriculture for a term, the average daily attendance shall be increased for each department by the number set forth in column 2 in accordance with the average daily attendance of all pupils attending the school in the preceding year set opposite thereto in column 1 as follows:

COLUMN 1	COLUMN 2
Average daily attendance of school	Number per term to be added
Under 100	5
100 but under 200	7½

(2) Where, in the preceding year, a board operated one or more industrial-arts or home-economics class-rooms in a high or continuation school for a term, the average daily attendance shall be increased for each of those class-rooms by the number set forth in column 2 in accordance with the average daily attendance of all pupils attending the school in the preceding year set opposite thereto in column 1 as follows:

COLUMN 1	COLUMN 2
Average daily attendance of school	Number per term to be added
Under 50	½
50 but under 100	1
100 but under 200	1½
200 but under 300	2
300 or more	2½

(3) Where, in the preceding year, the pupils of two or more schools operated by a board received instruction in industrial arts or home economics in one school operated by that board, the average daily attendance of those schools shall be added together for the purpose of subsection 2.

(4) Where, in the preceding year, a board operated one or more approved home-instruction units, the average daily attendance shall be increased by one for each term for each unit operated.

PART 5

GRANTS FOLLOWING ANNEXATION

INTERPRETATION

35. In this Part, "annexation" includes amalgamation.

36. This Part applies to grants following annexation.

37.—(1) In the year in which the whole of a school-section, of a separate-school area, or of a secondary-school district is annexed to an urban municipality, the grant shall be calculated,

- (a) in the case of elementary school boards, under the provisions of subsection 1 of section 12; and
- (b) in the case of secondary school boards, under the provisions of subsection 1 of section 23.

(2) In the year in which part of a school-section, of a separate-school area, or of a secondary-school district is annexed to an urban municipality and, on the last school-day of September preceding the annexation, not more than 10 per cent of the number of pupils residing in the school-section, separate-school area, or secondary-school district, or not more than 10 pupils, whichever is the lesser, resided in the part annexed, the grant shall be calculated as if there had been no annexation and be paid to the board from which the area has been detached.

(3) In the year in which part of a school-section, of a separate-school area, or of a secondary-school district is annexed to an urban municipality and, on the last school-day of September preceding the annexation, more than 10 per cent of the pupils residing in the school-section, separate-school area, or secondary-school district, or more than 10 pupils, whichever is the lesser, resided in the part annexed,

- (a) the board from which the area has been detached shall be paid,
 - (i) in the case of an elementary school, the greater of the amount allocated to the board under the provisions of subsection 3 of section 12 and the grant calculated on the average daily attendance and recognized cost of the current year, and
 - (ii) in the case of a secondary school, the greater of the amount allocated to the board under the provisions of subsection 3 of section 23 and the grant calculated on the average daily attendance and recognized cost of the current year; and
- (b) the board of the urban municipality shall be paid,
 - (i) in the case of an elementary school, the total amount, before division, calculated under the provisions of subsection

3 of section 12 less the amount paid to the board from which the area has been detached under subclause i of clause a, and

- (ii) in the case of a secondary school, the total amount, before division, calculated under the provisions of subsection 3 of section 23 less the amount paid to the board from which the area has been detached under the provisions of subclause ii of clause a.

38. Where the whole or part of a municipality is annexed to an urban municipality on or after the 1st day of January, 1949, and at the date of annexation there were outstanding debentures for one or more school buildings in that municipality or part, as the case may be, the payments on the debentures to the extent that they were eligible for grant for the board of the school-section, separate-school area, or high-school district in the area annexed in the year of annexation shall, except in the year of annexation, form part of the recognized cost of the public-, separate- or high-school board of the urban municipality and the grant thereon shall be calculated at the rate applicable to,

- (a) the board of the school-section, separate-school area, or high-school district in the annexed area for the year of annexation;

(2) The annexation grant per pupil shall be 100 per cent of the amount by which the grant per pupil paid under this Regulation to the board or boards of the urban municipality in the year of annexation is exceeded by the grant per pupil paid in the same year in the annexed area, ascertained by dividing the grant paid in each case, exclusive of grants on debentures, on capital expenditures from current funds, on sites, and on transportation, by the average daily attendance of resident pupils.

(3) Subject to subsection 5, in the second, third, fourth and fifth years following the annexation, the annexation grant per pupil shall be paid on the excess of the average daily attendance of resident pupils of the board of the urban municipality subsequent to annexation over the average daily attendance of the resident pupils of the board of the urban municipality in the year preceding annexation.

(4) Subject to subsection 5, in the sixth year following the annexation, the percentage of the annexation grant per pupil shall be reduced by 20, and in each year thereafter by 20 for each additional year.

(5) For purpose of the payment of the grant under this section, the ordinal numbers applying to the years following the annexation in subsections 3 and 4 apply as if the years 1958, 1959 and 1960 had not existed.

(2) The change-in-status grant per pupil shall be 100 per cent of the amount by which the grant per pupil payable to the board or boards under section 42 exceeds the grant per pupil that would otherwise have been payable under this Regulation, ascertained by dividing the grant payable in each case, exclusive of grants on debentures, on capital expenditures from current funds, on sites and on transportation, by the average daily attendance of resident pupils.

(3) In the second, third, fourth and fifth years following the change in status, the change-in-status grant shall be paid on the average daily attendance of resident pupils of the urban municipality.

The estimates in clauses *b* and *c* hereof shall be submitted to the Councils on or before the 15th day of March in each year for approval. All estimates shall include and make due allowance for the amount of any surplus or deficit remaining at the end of the preceding year and the revenue estimated to be derived from legislative grants and from all other sources.

(2) The Council of the City shall in each year assess and levy by a special rate on all the rateable property in the City a sum sufficient to meet 65% of the estimated excess of expenditures over revenues for the operation and maintenance of the Hospital for that current calendar year, and of the estimates of the expenditures for permanent improvements that have received the joint approval of the Councils of the City and County and are to be paid out of current funds, and the Council of the County shall in each year assess and levy a special rate on all the rateable property in the County a sum sufficient to meet 35% of such excess and of such estimates of expenditures for permanent improvements.

(3) If at the end of any year there is an excess of revenue over expenditures as indicated by the auditor's statement such excess may be applied firstly in payment of or partial payment of any amounts falling due in that year by virtue of the debenture indebtedness of the City under By-laws of the City numbered 5655, 5870, 6138 and 6228, and if there shall then remain any balance of such excess it may, at the joint direction of the Councils of the City and County, be applied in reduction of any debenture indebtedness incurred for Hospital purposes after the coming into force of this Act.

(4) All monies received by the Board or by the officer in charge of the Hospital for the uses thereof shall be deposited in a special account to be kept in the name of the Board in a chartered bank in the City of Belleville, or in a trust company registered under The Loan and Trust Corporations Act, R.S.O. 1960, Chapter 222, or invested in securities authorized under The Trustee Act, R.S.O. 1960, Chapter 408.

(5) All cheques drawn upon the said account shall be signed in such manner or by such means as the Board may designate from time to time.

10.—(1) An auditor, who shall be a person licensed under The Public Accountancy Act, shall be appointed by the Board.

(2) The auditor shall audit annually and at such other times as he may be directed by the Board the books of account and the expenditures and revenues of the Hospital, and shall prepare and submit to the Councils of the City and County by March 15th in each year a report showing the revenues and expenditures made by and on behalf of the Hospital during the preceding year, and the assets and liabilities of the Hospital.

(3) The auditor shall report to the Councils of the City and County upon any expenditures made by the Board contrary to law or the provisions of this Act.

(4) The auditor shall supervise and determine from time to time the methods of bookkeeping and accounting to be employed in connection with the Hospital.

11. If at the end of five years there shall be a substantial change in the proportionate use of the Hospital facilities by residents of the City and residents of the County residing outside the corporate limits of the City, the City and County may make such adjustment to their proportionate contributions for Hospital purposes as may be agreed upon, and the respective interests of the City and County in the real and personal property of the Hospital shall be adjusted accordingly, such adjustment to be made by By-laws of the City and County.

12. Notwithstanding anything herein contained, the Councils of the City and County in determining any matter required to be determined by them under this Act shall have an equal voice, and if agreement cannot be reached no action shall be taken on the matter.

13. The City of Belleville Act, 1948 as amended is hereby repealed.

14. This Act shall come into force on the day upon which it receives Royal Assent.

15. This Act may be cited as The City of Belleville and County of Hastings Act, 1963.
